- Unvowen Coadjutor (Markolab): 1 (due to unwillingness)
- Past Life: ???
- Savant: ???
- Resources: 3 (Wealthy)

#### Equipment:

- Firewand x1

#### Charms:

- Loom Snarling Deception (Shadow Disguise)
- First & Second Excellency of Szoreny (Enhances actions resonant with the Yozi)
- Mercurial Sap Embrace (Quicksilver infuses his flesh, granting him unnatural flexibility and high tolerance for poisons)
- Reflection Upon Insight (All who look at him have their hearts desire and intentions revealed to him, allowing them to be exploited)
- Silver Tongue Statement (His words are all but sweet nothings. People see in them what they want to see, like a mirror.)
- Branch-And-Root Protrusion (Silvery limb-like roots and branches sprout from his body and serve as extra arms)
- Cinnabar Blossom Inhalation (Releases sweet vapors from the body, allowing the swift treatment of injuries and ailments, bypassing the requirement for other drugs or medicine. Causes slight mercury poisoning.)
- No-Sleep Nootropic (Stimulating drugs flood the Infernals system, preventing him from sleeping for 7 days and from suffering mental fatigue. Once the 7 days are up, the Infernal sleeps for 24 hours. The duration can be increased by another week, but the number of days he must sleep increases cumulatively)
